

LIVE - EDGE

Furniture

DREAM!

What is hiding in the trunk of the “retired” tree? You’re about to see! The beauty resulting from the work of our talented craftsmen will astound you. In the world of live edge, no two are exactly alike.

Coupled with options of resin work the possibilities are nearly infinite. Here are some ideas to get your mind going!

Above - 42x84": Walnut/Black top, Walnut Williamsburg base
 77-SI Silverton Live Edge side chairs: Walnut and Black Leather

Below - 42x60": Spalted Maple/Blue top, Apple Creek base
 446-SI Dixon Live Edge side chair: Cappuccino and Natural

Above - 48" Round: Walnut top w/ Black River, Pittsburg pedestal base
434-SI Staunton Side Chairs: Natural Walnut

Below - 42x84": Spalted Sycamore w/ Bronze edges, Meadville base
454SI & 454AR Chairs: Ebony frames

Above - 42x84": Elm Live Edge top, Hair Pin legs
432-SI Elliot side chairs: Ebony

Below - 42x84" Spalted Maple top w/ Black River, Metro Base
456-SI St. Anne side chairs

*Above - 42x108": Walnut top w/ Black River, Cosmo Base
456-SI St. Anne side chair & 434-SI Staunton side chairs: Natural Walnut*

Live Edge Tables

Build your very own live edge table in **3-Easy Steps**

1. Choose your size and Shape-

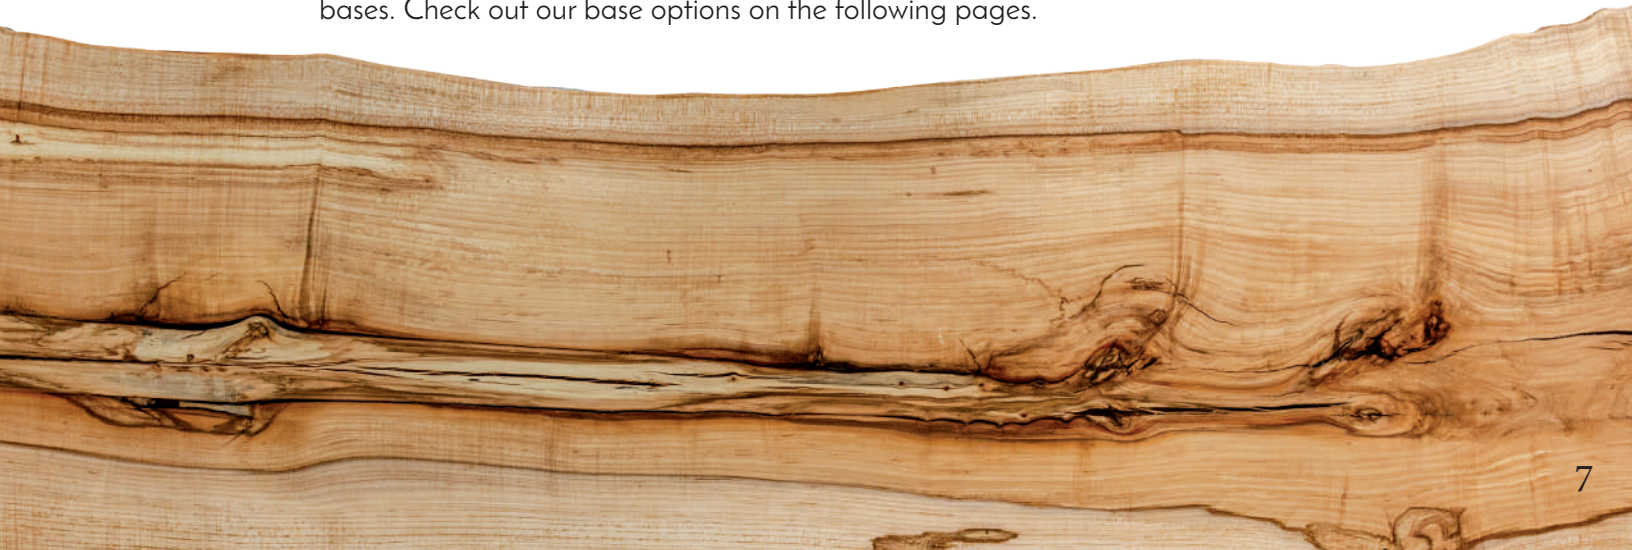

Choose an approximate size and shape. True live edge will vary on exact size. Reverse live edge tops can be made to exact measurements. We can do Round, Square, Rectangular and Random shape tops in sizes ranging from occasional (end table) size up to large dining tables sizes.

2. Choose your Style and Species-

Tops are available in a variety of hardwood species. Top styles range from true live edge to reverse live edge where the slab is split and the live edge turned in and the straight edges are on the perimeter. The centers are then filled with your choice of resin. Don't forget specialty tops that incorporate artistic resin work such as beach scenes, river scenes, and other resin artwork. - see following pages for more ideas.

3. Choose your Base-

We offer a variety of metal and wood bases. Metal powder coated bases in black are a popular choice, but we also offer wood pedestal bases. Check out our base options on the following pages.

Live Edge

Top Options

True Live Edge

The unique live edges of each slab are left to the outside for you to enjoy. We can finish to an approximate size only since every slab is unique and exact size will vary.

- Double maple slab with white resin filler

- Tapered Brown Maple Slab

- Live edge Brown Maple slab

Reverse Live Edge

Slabs are split then each half is flipped so the live edge is in the middle. The center section is then filled with resin leaving the outside edge to be finished to a straight edge. Using this method allows us to finish to an exact size for you in a square, rectangle or round top shape.

- Walnut slab with Black Resin

- Sycamore slab with Black Resin

- Spalted Maple slab with Black Resin

Specialty Live Edge

Bring us your dreams, there is no normal.

- Black Walnut live edge with black resin edges.

- Brown Maple slab
with center beach scene

- Spalted Maple slab with live edge
centers and slabs and
swirled black center

Fracture Burn

Utilizing high voltage, interesting and very unique patterns are burned into the slab and filled with resin for a specialized look. This process is available on any of our slabs..

Live Edge

Base Options

Choose a wood base to match the top species or a black powder coated base for a stunning presentation.
