Jonathan Lee

Wendell Lee

Welcome! You invest a lot in making the best possible products, but without nameplates, your products are anonymous. Give them identity and turn them into your best advertisement by adding branded nameplates. You will find many options in this catalog! We are happy to answer your questions and help you find the best nameplates for your products. We're here to help you succeed. Call us today.

—Jon and Wendell

ON THE FRONT COVER

Beaver Dam Outdoor is a wholesale manufacturer of superior outdoor poly furniture and accessories built with HDPE lumber. With a service-minded focus they build outdoor furniture to help people create their outdoor spaces and bring dreams to life. The Beaver Dam plate on their furniture represents style, comfort, quality and durability.

Actual Size

Identity

Nameplates can bear the unique serial number of a product, linking to details of its manufacture.

Many well-known products show their company name front and center—and so should yours.

Information

Nameplates show that you are happy to let the customer know who you are.

Authenticity

Nameplates will bring your customers' friends to you.

Advertising

Ownership

A nameplate with a serial number on a lost or stolen item can help identify the owner.

Large Metal Vents

25+ Low Quantities  Extremely Durable

These 7" × 16" aluminum vents simultaneously vent your building and display your information.

Made from .060 Matte Black Coated aluminum, they are sturdy and durable. Your information, engraved in the center, should be visible for many years. Vent screen not included.

DuraBlack .020 Aluminum

Low Quantities

Highest Durability

This is our *most durable plate* and is a good option for lower quantities. Life expectancy is 15–30 years and may be much longer; current testing suggests a minimum of 12–15 years. This plate is a standard for government ID plates because of its superior resistance to fading, abrasion, temperature, and chemicals. It is available only in black and engraves to white.

Dutch Boy started in a little farm shop as a hobby, but it rapidly snowballed into a business! Their poly furniture is built to last a long, long time—so their nameplates are built for longevity.

At Dutch Boy Poly, we build high-quality outdoor poly furniture designed to last. We focus on clean, durable craftsmanship—featuring hidden fasteners and attention to detail in every piece. Our furniture is made to serve retail locations that value American-made products, reliable service, and timeless design.

Bike Plates

Durable

Full Color Option

High Quantities

This embossed metal plate stands out! It comes in one standard size (2 7/8"×6") with 2 holes included in the base price. Stated longevity of ink is 2–4 years, but we have customers who say the plates last well for many years. Spot color prices include one plate color and one imprint color, chosen from the colors shown. Actual colors may vary.

SPOT COLOR

WE OFFER OTHER CUSTOMIZABLE PROMO ITEMS

Anything you find on www.hitpromo.com is available from IdentiGROW.

Order easily and accurately

THE ORDERING PROCESS

1. Fill out the order form.

Even if you're not going to send it in, the order form will help you cover all the little details. If you're not sure what you want, fill out what you can and we'll help you with the rest.

2. Send us your information.

Call, fax, or email us. This will help us craft the plate that fits you best. With this information we will create options for you.

3. Choose your design.

Unless you have provided print-ready artwork, you now need to choose the final artwork for your nameplate. After you have chosen your plate and quantity, we will send you an official estimate.

4. Approve your estimate.

Sign, return, and make a partial payment. After you receive your plates, we'll send an invoice for the balance due. We bill for actual quantity. (Estimate +/- 10%)

5. Apply the plates to your products.

Always ask potential customers how they found out about you. Your product is your best advertisement!

KEEP IN MIND...

If you want to reorder, you can simply email or call us.

Leave this step blank or partially filled in if you don't know exactly what nameplate you need. That's okay—we're here to help you!

We recommend a 1–2 year supply for best price.

Pricing for Sequential Numbering is listed on product pages.

Price and type vary by plate. See product page for standard options.

Availability and pricing for UV coating is listed on product pages.

PO Box 50

Port Republic, VA 24471

KEEP IN MIND...

We have stock graphics available that you may use (see the examples to the right). If need be, we can recreate your existing logo or design something from your sketch; however, we do not consider ourselves logo designers.

For artwork that you send, we prefer .ai or .svg files (best), .pdf and .eps files (usually good), and .jpg and .png (can make work but not the best). Vector artwork is always better, but if you send a bitmap image, ensure that it is at least 300 dpi. A simple scan of your business card will not result in an image you are happy with.

Did a designer create your logo or choose fonts and colors for you? It always works best to get specific details from them. Spend some time finding the best file you have and save time in the long run. The final result will be much nicer.
