Upholstered Chairs, Rockers & Bar Stools

Made in the USA

Grant Dining
Collection

Welcome to

C O R N E R S T O N E W O O D

At Cornerstone Wood, we design and craft premium home furnishings filled with character. Our experience in building beautiful wood products began over 25 years ago when our founder, Rudy, began his apprenticeship and started developing his fine woodworking skills. This soon grew to be a passion that led him into creating wonderful, custom, high-quality furniture.

Today, Rudy and the entire Cornerstone Wood team continue to pour their years of experience and commitment into every piece created. We make and customize furniture to warm and compliment homes all over the country.

Families will enjoy years of gathering around the dining room table. Friends will look forward to fun evenings of reminiscing and playing games at the inviting pub table. Guests will stay and sleep soundly on the relaxing futon. Hoop rockers and chairs will give you a cozy place to settle into a good book or just reflect on the day.

The possibilities are endless when it comes to choosing and customizing furniture for your home. We thank you for taking the time to explore how Cornerstone Wood can help you create your perfect living space.
